The DIMMER VIEW

Tj Trips Fraught With Hazards

Nobody reads the fine type in an insurance policy and we are not about to urge anyone to start now.

But there is some large type attached to policies, particularly in the south border states that carries a warning that should be heeded.

So that there'll be nothing lost in translation we'll copy directly from the endorsement:

WARNING

Unless you have automobile insurance written by a Mexican insurance company, you may spend many hours or days in jail, if you have an accident in Mexico. Insurance coverage should be secured from a company licensed under the laws of Mexico to write such insurance in order to avoid complications and some other penalties possible under the laws of Mexico, including the possible impoundment of your automobile.

The warning is pretty clear. Get in an accident in Tijuana and your chances of going to jail are very real and very good. **Let's look at the whole thing. Most American insurance doesn't hold up in Mexico nor does Mexican insurance hold up here. If a Mexican gets in an accident in the United States, all he gets is a citation. Turn it around. For the same offense in Tijuana it's the jail.**

In the U. S. you're innocent until proven guilty, but south of the border you're guilty until you can prove your innocense. This often takes weeks.

The best way to avert being jailed as a result of a problem in Tijuana is to stop in San Ysidro and buy Mexican insurance.

The cost is nominal. The cost is a little more han $3 for the first day and about $1.70 a day thereafter. It pays for full coverage including fire and theft; 5/10,000 property damage and bodily injury, and $50 deductible for a collision.

A senior adjuster for a large insurance firm told us that "Mexican insurance firms pays off like slot machines."

Then he warns that "not one in a hundred reads the endorsement on auto insurance that carries the coss-the-border warning."

He also admitted that he wouldn't drive anywhere in Mexico without Mexican insurance and preferably, he parks his car on the American side and takes a taxi over when he has reason to go.

This warning becomes more meaningful when we learned that our informant doesn't sell the Mexican stuff.

It's too bad we have no reciprocal arrangement with the Mexican government by which our people could avert jail by bail. But there it is — a double standard.

Mexican motorists get all the freedoms of Americans but tighten the screws on our guys when they get over there.

To make matters worse, some of our American lawyers, according to the senior adjuster, are traveling to Tijuana to prosecute cases for Mexicans against Americans.

It just doesn't seem right.

Another Un-reality Drug

SFN is an acronym the American Economic Foundation would add to LSD, STP and POT — and other escape-from-reality drugs.

SFN, reports AEF in a newsletter, is another dangerous escape-from-reality device — Something For Nothing.

LSD, STP and POT have attracted an enormous amount of attenion because they are undermining the character of a small fraction of our young people.

SFN, says AEF in a report via the American Press Association, is the most prevalent, pernicious and destructive of all escape-from-reality drugs. It is destroying American character on a much wider scale, almost unnoticed and unmentiond, the report adds.

"For most people," the AEF newsletter continues, "the Something For Nothing temptation is almost irresistible. It is habit forming to a frightening degree. In almost every human heart there is a spark of larceny which fanned by the insidious influence of SFN, burns away the two cardinal virtues of man — self respect and self-reliance. Pyschologically, it has the guilt-producing impact of receiving stolen goods — even if these goods are legally stolen.

"Nothing corrodes the human spirit as deeply as subsidized idleness. As proven by the rioting and looting, it leads to the desire for illegally stolen goods. The experts say that many people on SFN reach the point where they are virtually beyond rehabilitation . . .

"The use (acceptance) of SFN is encouraged by the world-wide fundamental weakness of the mass mind — ignorance of the simple fundamentals of how man produces and exchanges goods and services. There is no such thing as something for nothing. Every economic good has a source, a destination, and a cost that must be paid. And the maan who pays nothing pays the highest price of all.

"The tragic irony of SFN is the humanitarian spirit in which it is dispensed. The truth is that nothing is more inhumane than destroying the fabric of character. To the normal man who wakes up in the morning with nothing to do, and nowhere to go where he is needd, life becomes a nightmare out of which he must make sense or lose his senses.

"This 'sense' is that he is one of those special persons to whom the world owes a living. And if it is not a good living, or as good as he thinks he deserves, his resentment against society knows no bounds.

"LSD, STP and POT are frightening, but SFN is worse . . ."

Confucius Speaks Again

Each year an admirer sends us a message from Confucius citing one or more of the cardinal virtues the great philosopher espoused.

Admirer, with his eye on peace, submitted this:

"With riteousness in the heart, there will be beauty in the character

With beauty in the character, there will be harmony in the home

With harmony in the home, there will be order in the nation

With order in the nation, there will be peace in the world.

CHIEF FOR A DAY: Mark Bignell, (upper center of photo) is shown as he dawns the hat of Fire Chief H. L. Hensley of the Lemon Grove Fire Department at the Central ave. station.
Shown with Mark from left to right are Jimmy Dalavan, Dona Beckham, Eileen Ewers and Eigneer Keith McPike of the fire department. The four children were touring the station with more than 40 members of the St. John of the Cross School in Lemon Grove.
The first grade Students, under the watchful eyes of Mrs. Frederick Hipkins, first grade teacher saw firemen go through various procedures that take place when an alarm is recorded at the station.

Local School Designs Unique Program For Retarded Students

A unique experience in human relations is under way at the Lemon Avenue School. Pupils in Mrs. Virginia Zysk's fifth grade class and Paul Curran's trainable mentally retarded (TMR) class are cooperating in a weekly physical education activity, according to Fred Burkhardt, Lemon Avenue Elementary School principal.

Recognizing the lack of opportunity handicapped youngsters often have for associating with other youngsters, the two Lemon Avenue teachers determined to lower the barrier which often exists.

Curran said an intensive orientation designed to help overcome prejudice based on inadequate knowledge was conducted with the fifth graders.

For some time now the children in the two classes have been meeting weekly for joint physical education activity.

Burkhardt said fifth graders have warmly embraced the TMR children and have developed keen interest in and understanding of their welfare.

A significant change in attitude of fifth graders is evident and the handicapped children are obviously benefitting from the experience.

Rarely have the children experienced the acceptance and affection given them by other children and seldom have they had the opportunity to engage in sports as they are now doing.

Curran said the 13-and 14-year olds have developed skills which previously seemed to them to be beyound their potential. The improvement does not end on the playground as the experience is one which accelerates maturation and brings renewed enthusiasm.

A girl who had not been known to speak in complete sentences now says, "They want to play with me. They love me."

French Night At Helix Tonight

Crispy pastries, Can-Can dancers, singers, and skits will bring the "Le Moulin Rouge" to Helix High School tonight

During the annual French Night at Helix, tonight the French classes will present a program somewhat characteristic of the Paris night club.

The program includes a Can-Can dance, a medley of French songs, and a variety of skits ranging from a french artist to Moliere.

The event to be held in the school cafeteria has been planned by the French IV class. Members of that class include Adrienne Cohen, daughter of Mrs. Gertrude Cohen, 7138 Saranac st., La Mesa, and Wendy Walker, daughter of Mr. and Mrs. William Walker of 5811 Kappa st., La Mesa.

Others are Karen Quirico daughter of Mrs. Jeanne Quirico of 7615 D Norlam st., La Mesa; Linda Nall, daughter of Mr. and Mrs. Ronald Nall of 5100 Harmony ln., La Mesa and Catherine Jones, daughter of Mr. and Mrs. Donald Jones of 4609 Date st., La Mesa; Bruce Riska, son of Mr. and Mrs. Victor Riska of 3281 Massachusetts ave., Lemon Grove close out the group.

Riska will be the master of ceremonies. The public is also invited to this year's event.

County Preliminary Budget Up $10 Millions As Supervisors Study $163 Million Requests

SAN DIEGO (CNA) — An apparent gap of $10,219,310 between expenditures and revenues is the significant figure in the $163 million proposed presented on Friday by Chief Administrative Officer Fred Morey.

The budget is up, in the preliminary form, just over $20 million from this year, but at this stage it is a working document rather than the finished blueprint.

Morey firmly believes that, despite the apparent 40 cent tax rate increase that at most the county will need only a modest tax increase to balance its books. He said, "I can't believe that a governor and a legislature that say they have a deep interest in easing the property tax burden could allow a major tax increase."

Not included in the budget, however, are the possible effects of the recent court decision that destroyed the residency requirements of welfare clients in this state.

Increases in the budget over this year are public assistance, that is, welfare and medical care, $6.8 million; reserves, $4.7 million; general government, $2.3 million, and roads, $1 million.

The cost of safety from crime from law enforcement to the courts has now exceeded the county tax cost of welfare.

Nevertheless, this county, with a very low assessed valuation per capita, some $500 less than the state average, expects to maaintain its position as one of the lowest in per capita tax requirement.

Morey told Supervisors that the increase in percentage is 13.9 which is less than last year's proposed increase of 16 percent.

He also said that he and his staff had already lopped $5 million in departmental requests from the budget and that the board would find ways to cut another $2 or $3 million.

WELCOME: Christine Collier, recently crowned Miss Lemon Grove, was on hand Sunday evening to greet patrons at Topper's Steakhouse at 8035 Broadway. Residents got a first hand view at the local beauty and a chance to wish her best of luck in the, "Fairest of the Fair," contest. She will compete on June 12 for the Fairest of the Fair title and the right to reign over the Southern California Exposition, June 26-July 7. Linda Provenzale was hostess from 12 to 7 p.m.

Bids Called For Route 94 Project

Bids are being called for application of slurry seal for a total of 27.7 miles of freeway ramps on Interstate 5 and State routes 94 and 125 by the State Division of Highways.

Bids will be opened on Friday, May 31 at Los Angeles.

Business Expansions Planned on Broadway

Two major business expansions this week are reflecting growing optimism in the Lemon Grove business community.

Red's Western Auto Store at 7771 Broadway, will move across the street to the building formerly occupied by Don Diego Market.

Red Harris, store operator, will increase his business area from 2,300 square feet to 8,100 square feet—more than six times as much.

In a parallel move, Tri City Teevee, at 7769 Broadway, will expand into the location being vacated by Western Auto. Clifton Clark, who owns Tri City, said the present location of his firm will be converted into a service center to serve the new address which will house a greatly expanded appliances, television sales room.

Harris, who will be in his new address at 7700-7702 Broadway at Olive by June 1st., said the change over would represent an investment of nearly $100,000, including inventory.

Harris took over the Western Store two years ago and grossed $70,000 the first year. He anticipates doing $500,000 within two years of the June move, he said.

He said his business image is being changed from that of an auto store to that of a diversified makeup of a department store. To do this, he said, he will add furniture, more appliances, boats, minibikes, bicycle repair, golf carts, electric bikes, parts and repairs to his present inventory.

"Sales have increased so much that we no longer have room to display the merchandise we need to keep sales growing," he said.

On Saturday morning there will be classes; there will be times of recreation and films shown in the evenings. Skits will aso be presented at various times.

Clark, who came to his present location in 1960 said that the expansion will represent a cost of about $160,000 including $50,000 in new inventory.

Mothers Banquet Tomorrow

Final orders are in order at the Spring Valley Friends Community Church for its annual Mother-Daughter banquet. Scheduled for tomorrow night at 6:30 p.m., with the theme "Hats off to Mother," the event will be held in Bronner hall of the church.

Guest speaker will be Mrs. Marie Lewis, wife of the pastor of the El Modeno Friends Church at Garden Grove, Calif.

Special music will be presented by Rosylyn Johnson, a member of Christ Fellowship of the San Diego Congregational Church. There also will be musical recitations by children and awards given to various mothers.

Sheriff Seeks Help Wants More Deputies

SAN DIEGO (CNA) — Nearly half of a $742,944 proposed increase in the budget of the sheriff's department will be for increased law enforcement in unincorporated territory, according to Chief Administrative Offier Fred Morey.

If approved by the board of supervisors for the final budget, the total cost of the department would be $5,998,752.

A major item is the addition of six deputies who would have a roving assignment to go where trouble is. They could augment the beach and mountain patrol which Sheriff Joe O'Connor has said has been highly successful in cutting down problems in these sectors.

The extra manpower will also give the sheriff more flexibility in assignment and more beef to pour into suspected trouble spots.

Eight men will be added to the east county substation, if the board of supervisors approves, but three will be nonfield men.

Two more sergeants are requested in the east county station.

At the north county substation, five additional men and two more sergeants have been requested.

The growing impact of narcotics has prompted O'Connor to ask for five more men in that detail. One would be an undercover agent.

Two would be general narcotics enforcement men and two others would form a team to investigate the sharply increased use of narcotics, especially marijuana, among juveniles.

Warburton Testimonial May 29

Employees, and friends of Dr. John T. Warburton, superintendent of the Grossmont Union High School District will hold a dinner in his honor at the Scottish Rite Masonic Memorial Center in Mission Bay on May 29 at 7:30 p.m.

Donations toward a scholarship fund in the name of John T. Warburton are also being accepted.

C d'O Mother-Daughter Banquet Saturday Nite

The annual Mother-Daughter baquet at Casa de Oro Baptist Church will take place Saturday night at 6:30 p.m. in the social room of the church.

Mrs. Ed Whitford and three adopted daughters; Lucy, Susie and Paula will be special guests and provide a musical program.

Mrs. Whitford will also bring the message. The four are from the Tecate Mission. Theme of the banquet will be "Lavendar and Old Lace."

The College Youth group, and the Junior High group will conduct special services Sunday night in honor of their mothers. The Junior griup will open their service at 6:30 p.m.

Several members of the church, will travel to Encinitas, Calif. tomorrow night, to attend the wedding Jack Munchus, USN, a member of the the church and Sandra Hoffman of Encinitas.

The wedding ceremony will be held in the First Baptist Church of Encinittas, with the reception immediately following.

A shower is planned by the women for the evening of May 16, to honor Mrs. Charles Williams and her new baby son, Charles Patrick. The event will be held in the Fireplace Room of the church.

Sunday Talk Is "Adam"

"Adam and Fallen Man" is the title of the Lesson-Sermon to be read in the Christian Science Society Church on 7741 Pacific ave., in Lemon Grove this Sunday at 11 a.m.

The Golden Text is from Ephesians: "Awake thou that sleepest, and arise from the dead, and Christ shall give thee light."

The Lesson-Sermon also contains these lines from the denominational textbook, "Science and Health with Key to the Scriptures" by Mary Maker Eddy: "The Son of the Virgin-mother unfolded the remedy for Adam, or error; and the Apostle Paul explains this warfare between the idea of divine power, which Jesus presented, and mythological material intelligence called energy and opposed to Spirit."

Go To Church

This Sunday

"LORD, teach us to pray."

In a sense it may truly be said that any offering to God is prayer. Public worship, devotional reading, charitable deed, work for a worthy cause —all or any of these may partake the quality of prayer if they are made an offering to God. But there is a very large if in that statement.

Presbyterians Name Paul Mills As Church Convention Delegate

Forty-eight United Presbyterians from the Southland and Hawaii — one-half clergy and one-half laity — have been elected commissioners (voting delegates) to the 180th General Assembly, supreme legislative and policy-making body of the church, which opens Thursday, May 16 in Municipal Auditorium, Minneapolis, Minn.

Among the Southern California delegation will be five men and one woman representing the Presbytery of San Diego, district unit consisting of 31 churches with some 24,000 members in San Diego County.

Lay delegates who are ruling elders that will attend include Mrs. Jane Barrons, 9056 Emerald Grove ave., Lakeside; Robert Hamann, 11123 Valley Lights dr., El Cajon and Paul K Mills, 2208 Lyndine st., of Lemon Grove.

Ministerial delegates will include the Rev. Kenneth E. Grant, pastor, La Mesa United Presbyterian, 4426 Harbinson ave., La Mesa; and the Rev. W. Clifford Manning, pastor, Fletcher Hills Presbyterian, 455 Church way, El Cajon.

The Assembly, which runs through May 22, will be preceded by two days (May 14 and 15) of conferences on evangelism and mission.

In Minneapolis, the Southland delegates will join with some 800 other commissioners elected from the church's membership of 3.3 million. The denomination lists around 9,000 congregations in all the 50 states.

The commissioners will function in three capacities — legistative, judicial and administrative. As legislators they will act on overtures (proposals) from the presbyteries, on committee reports, and initiate actions of their own.

As members of the church's highest judicial court, they will vote on decisions of the Permanent Judicial Commission on cases referred to the Assembly by synods and presbyteries.

As administrators, they will review accomplishments of the past year and hear future plans of the church boards and agencies.

Among other business during the week-long sessions, the delegates will consider such important issues as the crisis in the nation (including poverty and racism); the war in Vietnam; the tax-exempt status of churches; South Africa; and the ecumenical involvement of the United Presbyterian Church.

The General Assembly has met annually without interruption since 1789. Los Angeles has been host to the national sessions twice, in 1902 and 1955.

Double Flow Of Treated Water

Helix ID Awards $915,846 Contract

The Helix Irrigation District has awarded a $915,846 contract to Tab Construction Inc. of Las Vegas, Nevada that will bring the district's water potentials up to full capacity by the end of November of this year.

The funds will be used to construct an additional 3 miles of new transmission lines at the R.M. Levy Water Treatment Plant in Lakeside. The work is expected to get underway with in the next 30-60 days.

The new lines will run from the plant to a direct hookup with the Helix water distribution system. The pipeline will connect the treatment plant to an existing 48 inch pipeline at the intersection of Woodside ave. and Winter Gardens blvd. in Lakeside.

A district official said that the transmission line will be made up of 13,288 feet of 54 inch pipe, 1,945 feet of 42 inch pipe and 147 feet of 36 inch pipe for a total of 15,580 feet.

The new lines will allow the present $3 million plant to distribute 50 million gallons of water per day after construction is completed. Currently the plant has a daily outflow of 25 million gallons of treated water.

The Board of Directors has rejected sealed bids from three banks. They then instructed chairman Harry Giffen to negotiate for lower interest rates after they had opened the bids.

The interest rate for the loan is 4.08 pr cent and the contract was awarded to the Southern California First National Bank. The same bank has submitted a sealed bid of 4.25 per cent and 4.1 per cent if the District would do its general banking there during the term of the loan.

Bids of 5.125 per cent from the Security First National Bank and a bid of 4.2 per cent from the Bank of America were rejected along with Southern California First National Bank's bid.

It will cost the district $55,871 over the next four years to borrow $423,000 which they must put up for the project. The other half of the bill will be paid for by the U. S. Department of Housing and Urban Development.

The treatment plant which is located next to Lake Jennings was completed in 1965, but has not been able to operate at full capacity due to the lack of adequate transmission facilities.

The lines to be built in this project were included in the original construction plans for the plant, but were not installed due to a lack of funds.

Monte Vista High Names Five Valedictorians

by Sandy Mayberry

Boasting five valedictorians, all straight "A" students, Monte Vista's Class of '68 will set a new record for the school. The valedictorians for this year are Judy Bibee, Chuck Downing, Tony Lambert, Barb Paine, and Sandy Wehmeyer.

In setting the school record, they tied with Grossmont High School, who set the district record in 1958. This is the first time that Monte Vista has had more than one valedictorian.

The problem of who was to deliver the valedictorian's speech was settled when it was decided all of them would talk on a certain aspect of a central theme.

"They're all top notch people," complimented Senior Counselor Ken Cates. "They're the kind of people who will be successful and achieve in every thing they do," he continued.

Several of the scholars hadn't really even thought about their grades except for the fact that they enjoyed competition.

"I didn't even think about my 4.0 until I was a junior," said Tony Lambert. "I guess I got straight "A's" because I didn't want to get behind anyone else."

Chuck Downing got "A's" in high school because, as he put it, "I didn't see any reason not to get them. I kept getting the grades because I didn't want to come in second." He did add that "it was dull knowing what kind of grades you were going to get."

Sandy Wehmeyer wasn't trying for the honor roll until the end of her junior year when she learned she was to be in the Honor Aisle. "I suddently realized," she said, "that I had a 4.0, and I suppose after that I tried to keep it up."

Supervisors Reject Bid For Teenage Dance Rehearing

SAN DIEGO (CNA) — County supervisors on Monday refused to set a new hearing for a man who wants to open a teenage night club in Lemon Grove.

Lee Graeber did not receive a hearing last week before the board because he failed to appear.

He asked for the new hearing by telegram, but the board, after discussion, decided he had had sufficient time and information to be at the earlier hearing.

Henry Boney at first favored resetting the hearing. Robert Cozens said the Sheriff's department had two men at the meeting at the appointed time and that there were several people from Lemon Grove.

County Counsel Bertram McLees told the board that it cannot turn down a permit merely on the basis of community opposition or because there have been objectional operations in the past. He said each case must be approved or denied on its own merits.

Graeber said he has $10,000 invested in this Pacesetter Club and has a five-year lease.

While Graeber was turned down, there is nothing in the permit ordinance to prevent him from immediately reapplying to the sheriff's department. It was the sheriff who originally denied the permit.

Candidates Endorsements Announced

The San Diego County Coordinating Republican Assembly has endorsed Bob Willson and Mike Schaefer as candidates for the 36th and 37th Congressional districts.

Pete Wilson has been back for the 76th Assembly district while Bill Ayers (77th), E. Richard Barnes (78th), Tom Hom (79th) and John Stull (80th) received the assembly endorsing nod at the convention meeting held Friday at the House of Hospitality in Balboa Park.

President Ron Larker said that no endorsement were made for the 35th Congressional district or the 39th Senatorial district because no candidate had received the necessary two-thirds majority of the vote of attending delegates.

L.G. Property Use Study Follows Rezone Request

SAN DIEGO (CNA) — A request for R-3 (apartment) zoning in the middle of a large amount of R-2-A (duplex) zoning in Lemon Grove led the plannig commission on Friday to request an area study.

The request of R. A. Weeks and seven other property owners was for 4.3 acres at the southeast corner of Central avenue and Massachusetts ave.

Zoning Chief John Cassidy said the R-3 would be spot zoning which would initiate further demand to increase the population density. He said any redesign should be based upon comprehensive study of all interrelated land uses and public services for the entire community.

The oommission did not go that far, but did indicate a neighborhood study should be made. The section is one of deep lots that are a problem to develop under R-2-A zoning.

The planners were somewhat disturbed in that they have no control over the roads that would be built in the R-3 rezone in relationship to the surrounding property.

Lloyd Fish, representing the owners, said there is a rental vacancy factor of zero for Lemon Grove.

The item was continued until May 24.

Bircher To Give Talk On Grossmont Campus

The Grossmont College Open Forum Club will present John Birch Society spokesman Laurence C. Baldauf at 11 a.m. tomorrow moning in room 575, Liberal Arts building.

Former Navy Lieutenant Commander Baldauf, an outspoken critic of administration policy in Vietnam, will discuss the "no-win" policy now in effect in that country.

Baldauf submitted his resignation from the U. S. Navy in January 1966. His request was deferred until August 1967. On March 28, 1966, Baldauf filed suit in U. S. District, San Diego, asking the court to order the Secretary of the Navy to approve his resigation effective in August 1966.

Baldauf's suit was decided against him, the judge stating that officers in the United States Navy serve "at the pleasure of the President."

Baldauf then began speaking-out against the way President Johnson was running the war in Vietnam. He sent letters to many of his senior officers, criticizing the administration's policy and urging the officers to take some kind of action.

For writing letters critical of official policy, he was relieved of his duties at Atsugi Naval Air Station, Japan and ordered to report for a psychiatric examination.

In February 1967 the Navy filed preliminary charges against the Navy jet pilot, alleging five violations of the Uniform Code of Military Justice. Later in 1967, the Navy dropped the pending charges against Baldauf, and he was allowed to resign from the Navy.

Baldauf now resides in Coronado where he actively remains an outspoken critic of present policies in Vietnam.

Outlaw 'Pornography For Profit' Says Citizens

Assemblyman E. Richard Barnes (R-San Diego) has said that a large majority of voters in his district want "pornography for profit" outlawed by the state legislature, according to returns from a questionnaire sent to 52,000 families in his district.

Barnes has represented the 78th District in San Diego since the 1962 election. He said almost 8,000 replies were received to the questionnaire sent out late in March.

Barnes said the vote against the distribution of pornography was 84% YES (to strengthCalifornia law) and 16% NO.

To reduce state spending, he said the answers proposed cuts in this order of priority: social welfare 73%, university and colleges 52%, medi-cal 45%, highway construction 22%, and mental health care 12.5%.

The returns also favored tuition charges at the university and state colleges by 78% yes, to 22% no, Barnes disclosed. And he added that the vote on expelling students and professors for lawlessness on campuses was 91% yes and only 9% no.

Barnes said 72% of the returns expressed a belief that "there has been a communist influence in the mass violence going on in our country', and that 91.5% were in favor of stronger law enforcement to put down civil disorders.

On other issues, Barnes said the vote was: Payroll withholding of state income tax, 60% no, 40% yes; legalized marijuana 91.8% no; repeal or modification of Rumford Act, 61% for repeal, 55% for modification; requiring consent of parents to bus children to school out of neighborhood 87%; to retain capital punishment, 85% yes.

Barnes said the strongest percentage of returns was in favor of the constitutional amendment being proposed to reduce the terms of regents at the University of California from 16 to 8 years.

On two other issues, he said the answers were: 68% no to reduce the voting age to 18; and 59% no to requiring that all drinking water in California be fluoridated.

LM-SV Teachers Attend Professional Conference

"Production will improve when producers are given special attention and feel they are somebody special. In such situations production improves regardless of what is done to spur them on or to discourage them."

There were two of the findings of recent research reported by Dr. Stephen Isaac, guidance coordinator, San Diego County Department of Education, to junior high teachers attending a discussion group, "Motivation and the Self-Fulfilling Prophecy."

Don Phillips, district's junior high school coordinator, said other speakers were: Dr. P. Marvin Barbula, Donald Shealor and Dr. Edwin Whitfield. All speakers are members of the pupil personnel section of the San Diego County Department of Education.

During the morning, junior high teachers attended departmental meetings in their respective schools or visited classes in neighboring districts. One group of science teachers used time to add to and improve their school's natural history collection.

Phillips said the members of the professional growth day planning committee were: Miss Pearl McLean, principal, Mrs. Myrtle Sheehan and Dick Foerster, La Mesa Junior High; Garth Hanchett, principal, Werner von Bergen, and Miss Diane Wells, Parkway Junior High; and Harl Brown, principal, Mrs. Marilyn Lepore, and John Slaughter, Spring Valley Junior High.

The event was part of a La Mesa-Spring Valley School District's junior high professional growth day program held Monday at Parkway Junior High School.

In the group, "Attending and Augmenting Teacher Authenticity," Robert McIllroy, also a county guidance coordinator, said the teacher has a prime responsibility to know all things possible about a child. "It is also important," McIllroy said, "that a teacher have a good self concept."

He said that there are many times a youngster's statements should not be taken at face value. The statement may be only a symptom of the real unstated concern.

Trailer Speed Rate Increased

Fishermen pulling trailers will be able to get to their favorite trout spot faster on and after the general opening day of April 27 this year because the speed limit for cars pulling trailders has been raised from 50 to 55 mph, Captain R. Gautsche of the California Highway Patrol said.

"This is only one of the laws relating to towing trailers that must be remembered and obeyed," the Captain said. "The lights on the trailer should be carefully checked to be sure they are in proper working order, and a safety chain augmenting the hitch connecting the trailer and the car is necessary.

Rev. Saylor, pastor of the United Methodist Church of Spring Valley (formerly the Warner Memorial (E.U.B.) Church). Rev. Saylor and wife, Carol have two children and live at 5000 Linden way, La Mesa.

George Beeler, a former Kiwanis Club member in Virginia, rounded out the induction of new members.

The five were welcome into Kiwanis by Paul Clay, Lt. Governor of Division 31. In accepting the new members, Governor Clay told them they are "to build," by following one of the precepts set down by Kiwanis.

He said clubs should build better moral and spiritual values, and to safeguard our heritage of freedom. He pointed out the needs for safeguarding our heritage of freedom. We should all learn to obey the laws of the land.

Lt. Governor Clay said the youngsters of today stress their rights but say nothing of their responsibilities under the law. He said if young people want the laws changed, they should do it peaceably.

He pointed out to the five new members that we should conserve our human and natural resources; we should cooperate more with the Key Clubs and Circle K Clubs (both Kiwanis youth groups) and work with youth.

Governor Clay said we should develop international friendship by meeting people of other nationalities, and bringing them into our homes.

Clay said the Kiwanis Convention is scheduled for the latter part of June, and hopes Bob Divine, president of the Spring Valley club, will be a delegate.

Ron Svalstad, membership and program chairman, who also welcomed the new members, along with president Divine, said a few words regarding teaching law in the schools.

Svalstad is a Spring Valley attorney. He said we have a responsibiliy to educate youngsters in elementary and high stress of law. He said many students in our colleges are ignorant of laws, and that we need more qualified teachers in the field of law.

MAIL BAG

Dear Editor:

I continually observe signs in shop windows and on car bumpers reading "Support Your Local Police" or "Support Your Local Fire Fighters". I agree with this type of support. To support your local police I take to mean to cooperate with them in preventing crime.

Support your local firefighters must mean to keep your children from playing with matches and keep your garage clean of combustibles.

This is all well and good.

However, like your police and firefighters your water meter reader is a dedicated employee and I would like to see a "Support Your Local Water Meter Reader" movement started.

There have been letters in this column praising the work of the police, firefighters and the postman. All of these deserve the praise they receive for their work.

However, like the faithful postman, a meter reader walks many miles a day in all types of weather and on all types of terrain. Like the postman, he climbs a steep hill on a hot day, never complaining he reads your meter with a smile.

He must also contend with loose dogs who consider that he is invading their property while trying to locate the water meter. A water meter reader reads 375-425 meters a day. No easy task on some days.

Now the "Support our Local Water Meter Reader" could mean this: Keep the grass trimmed around the meter box so the meter could be located and read and the lid would fit back properly so you could mow your lawn.

Keep thorny shrubs near the meter trimmed back so the reader would not be stabbed to death while trying to read it. Also, if you have ivy, keep the area around the meter clear so it could be found and read with little damage to anything.

All these things would take very little time and effort and would be greatly appreciated by your friendly meter reader.

We know everyone will not do this but we know there are enough considerate people who will cooperate and anything will help. We meter readers will sure appreciate it.

Record Beer Sales

Beer sales in California during 1967 exceeded the 10-million barrel mark. $165.8 million of tax money for federal, state and local treasureries.

Home Observes Mother's Day

Sunday is Mother's Day and the beginning of National Nursing Home Week. As part of the observance an Open House is scheduled from 2 to 4 p.m. at Casa Blanca Convalescent Home at 8351 Broadway, Lemon Grove.

Mrs. Warrena Hewitt, Administrator, said that Mother's Day was chosen for the open house because two out of three patients in nursing homes are women.

"We who have worked with the aged on a day-to-day basis know that loneliness—despite all we can do ourselves as professionals — is borne by too many of the patients," she said.

"Many of them have outlived family and friends and feel that the community has passed them by and forgotten them."

Mrs. Hewitt urged visitors to call between the hours of 2 a nd 4 and said that a small gift or flowers would be deeply appreciated by the patients.

California brewers use 48 pounds of cereal grain and other farm products in each barrel of bee they produce.

Valley Woman Honored By Beta Sigma Phi Sorority

The San Diego City Council of Beta Sigma Phi International Sorority celebrated its 37th anniversary, recently in the Mission Room of the Bahia Hotel.

The chairman of the formal event, Mrs. Clifford Needham, said that the international theme "Turn The Key" was used.

The first chapter of Beta Sigma Phi was formed in Abilene, Kansas, 37 years ago by Walter W. Ross. There are now 9,000 chapters and 200,000 members in 15 countries.

Mrs. Howard Dye, of Spring Valley, was honored at the Founder's Day celebration. Mrs. Dye's chapter, Psi Omicron, had chosen her as their girl of the year.

Learn Spanish the Easy Way

Hardison's Telespanish

by James Hardison

What does the Spanish word "leo" mean, Is there any relationship between this word and the English word "Leo?" The Spanish word "leo" looks like the English word "Leo" which is a proper name. The Spanish word "leo" would be translated to "I read" in English.

For example we may say "Leo la leccion" which means "I read the lesson" or "Yo leo el periodico" for "I read the newspaper." You will notice that the word "yo" (I) was omitted in the first phrase and recorded "leo" in the second phrase. Both phrases are correct.

A related word is "lee" which can mean "you read" or "he reads." Thus we may say "El lee el libro." "He reads the book." or "Usted lee la revista." for "You read the magazine." We may also say "Ella lee la tarjeta." for "She reads the card."

Each of the above phrases may be placed into a question form by having the verb appear before the noun. An example would be "Lee usted el libro?" for "Are you reading the book?" or "Lee el el libro?" or "Is he reading the book?"

Perhaps the most difficult problem with learning "leo" and "lee" rest in the manner in which they are pronounced. "Leo" is pronounced "LEH-oh" and "lee" is pronounced "LEH-eh."
